## Major Amendment for Old Dominion Landfill Expansion

**Public Input Solicited for Amendment to Regional Solid Waste Management Plan  
(Press Release - September 2005)**

The Central Virginia Waste Management Authority (CVWMA) is taking this opportunity to notify all interested parties about this project so that we may benefit from your input as we prepare the Amendment. This is your opportunity to present preliminary information to CVWMA. Any and all contributions at this time will greatly assist in making sure that the amendment incorporates the public's opinions.

In the early 1990's, the CVWMA prepared a Solid Waste Management Plan (SWMP), which was been utilized to coordinate solid waste activities among its 13 local jurisdictions for eleven years. The Virginia Department of Environmental Quality (VDEQ) has requested new SWMPs be prepared consistent with the new regulations governing Solid Waste Management. The central Virginia region provided a plan for solid waste management for the next 20 years, or through the year 2024 that was approved by the VDEQ August 20, 2004. CVWMA is now preparing an amendment to this plan to reflect proposed landfill expansions.

The amendment is to be submitted to the VDEQ for approval. The Plan is available for public review.

To help us with the process of amending this plan, we encourage you to:
