*Mathematics 5.15; 6.14; 7.12; 8.14*

*English and Reading 5.1a; 5.3; 5.9c,d*

### Enriching & Empowering

**Reduce, Reuse, Recycle** is a FREE 30-minute interactive presentation on recycling and caring for the environment offered year round by CVWMA staff.

### Topics Include:

- What can and cannot be recycled
- What products can recyclables be made into
- Why it is important to **reduce, reuse & recycle**
- How does a Landfill work?
- What happens to items collected for recycling, and what happens to items that are thrown in the trash?

Children are taught by a thought provoking presentation supported by PowerPoint slides, followed by a video virtual field trip inside a recycling facility. This award winning\* 6-minute video shows how recyclable materials are collected, then processed at the MRF (Materials Recovery Facility).

Free educational materials will be provided for each student. Additional Educational Resources can be found on the CVWMA Website and Pinterest page!
